Memo

Docket No 1001 dated 15th April 1893 from the Deputy Commissioner of the Hassan District.

In his letter No 690 dated 28th December 1892 the Deputy Commissioner of the Hassan District solicited sanction to the appropriation for Coffee cultivation 3 acres and 15 guntas of land out of Survey No 103 (Phod No 176) in the Hadya village Yesalur hobli of the Tiptur Taluk.

This office No 1327 of R 38-92
26th January 1893.

2. In reply the Deputy Commissioner was requested to

to report whether the above
area
land was subdivided, —
and why a minimum area
of 5 or 10 acres might not
be prescribed for all such
grants under section 109
of the Land Revenue Code,
as otherwise, the expense
involved in the subdivision
would often be out of all
proportion to the value of the
land taken up for cultivation.

3. The Deputy Commissioner
now reports that the afore-
-said area has been subdivi-
-ded as there is no more ~~fit~~
land than the area now ap
-plied for) ~~available~~ fit for coffee
plantation. As regards
the minimum area to be
prescribed, he (the Dy Comr)
states that the Government

Deputy Commissioner's
No 1001 dated 15-11 April
1893.

were pleased in proceedings No. 13450-1/261-92 of 31st January 1893, to fix 5 acres as the minimum area to be granted for Coffee Cultivation. This order may be applied to those Cases in which large and extensive areas of coffee lands are available in a Survey Number, but in cases like the present one, only as much as is suited for coffee cultivation will have to be sub-divided and given out, otherwise the applicants will not wish to take up the prescribed minimum extent of coffee land mixed up with dry lands, and the consequence will be that the Government will have to suffer loss of Revenue

4. A similar case

in which an area of 4 acres and 20 guntas of land has been recommended by the Deputy Commissioner is pending orders. Please see Hassan Deputy Comm's docket No 1002 dated 15th April 1893 herewith Submitted.

Submitted for orders.

OFFICE NOTE.

DV

SUBJECT. Supe grant of forest land for Coffee cultivation below the minimum area

LAST REFERENCE. Letters No. 54 38 1176 & 1183 dated 6th June 1893. 10th June 1893 from Dy Commr & Kassem Distt.

In para 1 of Government Proceedings No. S.H 22 1345 0-2 / R.T. 261-92 dated 31st January 1893, it was decided that the minimum area for new lands to be given out for coffee cultivation out of large Survey Nos. Shall ~~will~~ in future be 5 acres.

2. But the Deputy Commissioner of the Kassem District

51

Dy Commrs No. 1176 Dt. 6th June 1893

now requests a reconsideration of the subject with a view of modifying the rule limiting the minimum area of a Coffee land to be newly taken up for Cultivation, to 5 acres, by making an exception of Cases where only a lesser extent is available which is suited for Coffee cultivation. He states that in the Manjarabad Taluk all the large Jungles have been taken up leaving small bits here & there; & the eagerness for acquiring Coffee land is as great as ever as its industry is considered to be highly remunerative & lucrative. He further states that, as already pointed out×, it would be a

× Vide para 2 of docket No 966 of 8th April 93 from the Dy Comr Hassan District.

5 1/4

a loss to Government to
reject applications for a lesser
extent than the minimum,
at the same time
and that it would not be
quite fair to demand
an upset price for the Conti-
-guous dry land or other
Kharab land that may have
to be added on to the piece
fit for Coffee - to bring up
the area to the prescribed
minimum as observed in
Government Proceedings
Contra margin.
The Superintendent
adds that the
only safe guard necessary
is, that a reliable Govt
Servant of a standing not
less than an Amildar or
Taluk Sheristadar, should
inspect the land in ques-

× S. No 31
No 1905 8-9 dt. 14/5/93
R738-92

and satisfy himself to the effect that more land fit for Coffee is not available

There is no objection to the minimum of 5 acres being reduced in exceptional cases – but the reasons for the same in each case should be recorded. [illegible]

Hassan Deputy Comm's
No-1183 dated 10th June 1893.

3. In another reference made by the Deputy Commissioner, he requests sanction to the appropriation for Cultivation purposes of Sonal Survey No 61 measuring 95 acres and 39 Guntas in the Chikmalkan-halli Village, Belgode hobli of the Channarayadrapatna Taluk and states that this No contains 2 acres and 38 Guntas fit for coffee cultivation which the applicant wishes to have at Coffee rates & the rest

93. 18th to
2. 95

acres
69 = 68; that
is 1/3rd be one fourth
of total occupied
area 275 acres.—
I do not think we
can well refuse
applications for the
cultivation of Gomal
lands, simply because
there are other waste
lands— the latter
will be used for
grazing purposes till
they are cultivated.—
I would sanction the
grant of
69 acres under
the rules.—

19/9/23

Draft orders
Passed
9/11/23

try

The no. of cattle in
the village —

Some of the villagers may
now consent but after-
wards begin to complain

10 It is doubtful whether
the Gomal left is sufficient
for the village

11 Another important
point is - There is 158
acres of un occupied land
(assessed). It should be
considered if it is a good
policy to convert Gomal
land into assessed land
under such circumstances
A Gomal no. may hap-
pen to be contiguous to
a Ryot's holding. If he
be a well to do Ryot he
would [illegible] to leave
the Gomal land on Govt
assessment & use it
exclusively for his own
cattle for grazing pur-
poses. The village com-
munity suffers by al-
lowing such things to
take place.

12 The small bit of 2 acres
& 38 guntas has been formed

with a new Coffee no
& given over to the
possession of the applicant
in anticipation of
sanction.

13. The Mahajan reported
to have been given by the
villagers & the ver: papers
have not been sent up.

To,
The Chief Secretary to the
Govt of Mysore.

Sir,

I beg again to solicit attention to Govt Pros No 1905-9 dated 14th April 1893 passed on my letter No 824 dated 18th February 1893 and in adherence to Govt order No 13450-2 R.F. 261—92 dated 31st January 1893, I request reconsideration of the Subject with a view of modifying the rule limiting the minimum area of a coffee land to be taken up for cultivation, to five acres by making

an exception of cases where only a leper extent is available, which is suited for coffee cultivation. In Nanjarabad Taluk, all the large jungles have been taken up and only small bits remain here and there. The eagerness for acquiring Coffee land is as great as ever, because, Coffee industry continues to be highly remunerative and actuated by that profit people are still taking up lands for coffee, wherever it is, mindful of its extent, however small. In my letter above quoted, I have pointed out that it would be a loss to Govt. to reject such applications. On the other hand it would be not quite fair to demand an upset price for the contiguous dry land

Dated: Hassan the June 1893

From

P. R. Purnaiya Esqre
Deputy Commissioner
Hassan district.

To

The Chief Secretary
to the Government of Mysore

Sir,

I have the honor to submit herewith for sanction, a statement in the prescribed form, showing the particulars of an application by one Ranjegowda of Ballu, for Gomal survey No 61 measuring 95 acres and 39 guntas, in the village of Chickhaikenahully of the Belagola Hobli, Channarayapatna Taluk.

2. The villagers raised no objection to the grant of the land

applied for, and they have given
their Enclosures to that effect. The
number of cattle in the village is
reported to be 260 and the remaining
extent of Gomal land is sufficient
for grazing purposes.

3. The Amildar having in-
spected the plot, found that
about 3 acres of this number was fit
for Coffee cultivation and the appli-
cant agreed to take up such portion
under the terms of Rules for the time
being in force for the disposal of
Coffee lands and the rest for dry
cultivation. The extent found fit
for Coffee cultivation was duly
bhoodied and was formed into a
new number measuring 2 acres
and 38 guntas. It was sold by
public auction and the applicant

himself purchased it for Rs 29.12. and the said amount has been held in deposit. The rest was made a separate number, the measurement of which is 93 acres and 1 gunta. The Amildar reports that this land contains no value trees except some scrub jungles here and there. —.

6. It is further reported that there is an extent of 158 acres and 12 guntas of assessed waste lands in the village available for cultivation, but the applicant is not willing to have any of these lands except the one applied for by him, for it is on the roadside of Hasan Channarayapatna Road and near his own other lands while the assessed waste lands are far from them. He requested that the portion select

as being fit for dry cultivation may be given to him on an upset price instead of selling it by public auction, lest there will be competition by persons who are adverse to him. The amildar states that Rs 2. 8.. per acre would be a reasonable rate considering the nature of the soil and the applicant has accordingly deposited Rs 225/ for 90 acres of land. Besides this, this number contains a cutlay and it has been excluded from the cultivable portion and given a separate number.

5. It would appear that this number formerly belonged to Ballen, But during the survey settlement it was added on to Chickahachana hully. The applicant is desirous of having the entire number both for coffee cultivation and Huligaral

purposes as it adjoins his own lands at Baller and Chickanagh fully and since the villagers have no objection, I have in anticipation of sanction directed that the portion selected for coffee cultivation may be put in possession of the applicant and beg to recommend that sanction may be accorded for the allotment of the whole number for cultivation purposes. The question of settling the price of the land applied for by the Durkhast dar for grazing purposes will be duly dealt with on receipt of Government sanction to give it out for cultivation. I suspect that the land will be used for coffee cultivation eventually after raising shade

At present it will only be taken up to keep cattle for manure. I would sell the land by auction starting from the next price now offered.

6. I beg to add that the area found fit for coffee cultivation is below the minimum prescribed by Government, but as it was selected and sold long before the receipt of recent order of Government conveyed in Proceedings No 22 / 13450—2 / R 7 261—92 dated 31st January 1893, it would only be a loss to Government to refuse the application. I would therefore again urge the matter for the consideration of Government.

I have the honor to be
Sir
your most obedient servant
M Russell

No 62
S

Re Kotabi

Deputy Commissioners Office
Hansen district.
Dated: Hansen. 22nd July 1893.

From

P. R. Punanja Esqre
Deputy Commissioner
Hansen district.

To

The Chief Secretary
to Government of Lupene

Sir,

I have the honor to submit for orders, the marginally noted applications for coffee lands in Hansen measuring 3 acres 25 guntas, and 3 acres and 30 guntas respectively. They are below the minimum area prescribed in Government Proceedings No 13450 / 261.92 dated 31st January 93. The district surveyor who has tested these measures, reports that, they

Encroachment of adjacent Kotabi Cultivation
Taluk Survey No 26.

Boundary of Cultivation of the said
Taluk Survey No 42

contain no more land out of
the aboresaid numbers, fit for
coffee cultivation. I beg therefore
to solicit orders on the subject.

I have the honor to be

Sir

your most obedient servant

W. Murdoch

Deputy Commissioner

Hassan district

Deputy Commissioner's office
Hassan district

No 115 Cardamum

Dated Hassan 7th August 1893.

From.

P. L. Purnaiya Esquire
Deputy Commissioner
Hassan district

To
The Chief Secretary to the Government
of Mysore
Bangalore.

Sir,

I have the honor to submit herewith for sanction an application from Annabharry of Kumbaradi Village in the Channarabad Taluk for 3 acres and 2 guntas of land out of Kharab No 352 in the said village for Cardamum cultivation, received from the Channarabad Amildar with his report No 1083/1079, dated 6th May 1893.

2. It is reported by the Amildar that the Villagers have no objection to the grant of the land applied for. The district Surveyor who sub divided the land states that the Extent now applied for is the only area available out of the aforesaid Survey No. suited for Cardamum cultivation.

3. The reason for my submitting this application is that the Extent now applied for falls short of the limit× made by Government in their Proceedings No 13450-2/261-92 dated 31st January 1893.

In reverse the Map has well have measured out the banks of the streams & said they were all the available.

×(the minimum Extent to be given for coffee cultivation is 5 acres)

4. I beg leave to state here that if the Govern-
ment were pleased to modify the rule laid
down in their proceedings above referred to
as requested in my letter No. 1176 dated 6th June
last, all the applications of the kind under
reference may be disposed of by me without
any delay.

I have the honor to be
Sir,
Your most obedient Servant

M Rees
Deputy Commissioner
Hansi District

1,

Read:

Letter No. 1176 dated 6th June 1893 from the Deputy Commissioner of the Hassan District Soliciting reconsideration of the subject of modifying the rule laid down in Government Proceedings No. 13450-2 / R7-261-92 dated 31st January 1893, limiting the minimum area of a Coffee land to be newly taken up for cultivation to 5 acres, by making an exception of cases where only a lesser extent is available which is suited for Coffee cultivation.

No. 6069 / R.7.261-92 dated 27-9-93 / 29

DESTROYED.

Order thereon.

The existing rule does not require any modification and that

there is no objection to the minimum of 5 acres being reduced in exceptional Cases; but the reasons for the same in each Case should be recorded.

Chief Secretary

To

The Dy: Commissioner, Kaipara Dist.t, returning the Vernacular papers.

Read:-

Letter no: 62 of the 22nd July last from the Deputy Commissioner Nuwara Eliya submitting for orders two duplicate applications for Coffee lands measuring respectively 3 Acres and 25 perches and 3 Acres and 30 perches and stating that they are below the minimum prescribed in post Office no: 1345D-2-261.92 of 31st January last and that the surveyor who subdivided the numbers states that they contain no more lands fit for Coffee cultivation

Order no:

The Deputy Commissioner will

DESTROYED.

will reject ~~these~~ darkcasts referred to in the above on the ground that they are far smaller than the minimum area fixed by the rules. Unless the minimum fixed area is not available and it is absolutely necessary to accept the darkcasts for the smaller area

Read:-

Letter No. 1183 dated 6th June 1893 from the Deputy Commissioner of the Kapan District, Soliciting Sanction to the appropriation for Cultivation purposes of Survey Jomal No 61. measuring 95 acres and 39 guntas in the Chikkanaikenhulli Village Belagode Hobli of the Tarikere Taluk and stating that a small bit of 2 acres and 38 guntas out of this number has been formed into a new Coffee number and sold to the applicant in anticipation of Govt. Sanction.

Order thereon.

As the extent of Jomal

that will [illegible] after
the whole of survey
the survey No. 61 will fall short by
of 1/4 of the area that will be under occupation,
Government are pleased to
Sanction
the appropriation
out of the said No. 1 only
69 acres of land inclusive of the
2 acres and 38 guntas already
made over to the applicant
for Coffee cultivation.

Chief Secy

To 12/10/93
The Deputy Commissioner,
Hassan District.
